

July 20, 2010

Thank you so much for your interest in our child care facilities! We know many of you have been eagerly waiting on news of our newest facility at Juban Parc. Fortunately, we finally have some definitive information to convey! We have overcome many obstacles which have delayed our plans substantially. Construction is set to begin in October 2010 with a revised opening date of May 1, 2011. With that being said...we will have a spectacular Summer Camp lined up for Summer 2011!

The plans for our Juban Parc location have been revised along the way and now include one Preschool Classroom (3's & 4's) with a certified teacher and the rest of the 8000 square foot facility will be dedicated to Before and After Schoolers! This is different from how our original centers are structured but we are ready for the adventure! We will release more details at a later date but we are very excited about what we will be able to offer and are positive you will be too!! Infants and Toddlers will still be cared for at our other facilities. If you are on the waiting list with an infant or toddler age child, a ChildPros representative will contact you within the week.

We know the 2010-2011 school year is just around the corner and are trying our best to accommodate the families that have been on our expanding waiting list! Please continue to watch our website and local announcements for updates on the progress being made and Grand Opening information. In the meantime, if your children need to be accommodated for this school year, we are considering transporting to and from our Walker South facility if there is a large enough demand. Please email me at twgraves@childpros.net if you are interested in your children being transported this school year. In your email, please include your child's name, DOB, and the school he/she attends.

We look forward to serving you and your family.

Sincerely,

T. Wyatt Graves
Executive Director
